

## G.S.M.

I can't resist the ride  
you got me oh so wild  
I want you by my side  
game and set and match tonight

I can't resist the ride  
you got me oh so wild  
I want you by my side  
game and set and match tonight

I can't resist the ride  
you got me oh so wild  
I want you by my side  
game set match tonight

Do you surround me  
till the end now  
I wanna sit real tight  
no surprise  
don't talk about  
you walked into the room, oh  
I want this night  
Hold me tight  
enjoy the ride  
Ooh, ooh

Then the sky lights up your face  
let's be quiet now, quiet now baby

Then the sky lights up your face  
let's be quiet now, quiet now baby

The moon shines over the blue bay  
where my head just smoothly lay  
a feeling that was magnified  
pure perfection in the tide

I can't resist the ride  
you got me oh so wild  
I want you by my side  
game and set and match tonight

I can't resist the ride  
you got me oh so wild  
I want you by my side  
game and set and match tonight

I can't resist the ride  
you got me oh so wild  
I want you by my side  
game set and match tonight (repeat)
